LLMWARE

Strategic Partnership with Intel

LLMWare and Intel have partnered to develop next-gen AI-powered computing solutions, reinforcing LLMWare's position as a leader in enterprise AI.

This collaboration ensures cutting-edge performance and efficiency for AI-driven businesses.

LLMWare's Background & Goal

1

Background

LLMWare is an AI-driven enterprise solutions provider. Partnered with Intel to develop AI PCs.

2

Partners

Collaborates with industry leaders like IBM, HSBC, AWS, and Microsoft.

3

Goal

Attract high-value enterprise clients for long-term partnerships. Go beyond increasing views.

Challenges Faced by LLMWare

Low Video Quality

Videos lacked professional production value.

Misaligned Content

Content not resonating with the target enterprise audience

Weak Media Quality

Absence of high-quality media for client pitches.

Weak Thumbnail Quality

Weak thumbnails leading to low engagement

Our Strategic Approach

Revamp YouTube Strategy

Enhanced production and compelling storytelling.

Enterprise-Level Video Editing

Created high-impact pitch videos for key partners.

Focus on Conversions, Not Just Views

Engaged the right audience, ensuring targeted views.

Key Results Achieved

Increased Engagement

Improved interaction from enterprise clients.

Higher CTR

Optimized thumbnails drove clicks and engagement.

Strengthened Brand

Enhanced brand positioning within AI sector.

Meet the Co-Founders

Co-Founder, LLMWare (by AI Bloks)

Visionary leader in AI-driven enterprise solutions

Darren Oberst

Co-Founder & CTO, LLMWare (by AI Bloks)

Former VP at IBM & HCL Technologies

Expert in AI, enterprise software, and strategic innovation

Client Testimonial

I'm Darren Oberst, CTO of LLMWare. Flixtar has been a key partner in our YouTube growth, delivering high-quality editing with a strong narrative focus.

Their expertise in content strategy and audience engagement has greatly enhanced our video impact. I highly recommend their services.
